

Professional Installer Training

INJ-256 Ford Escape/Focus Mechanical & Electronic Diagnostics

COURSE OUTLINE:

In this class we will cover the systems Built on the Ford Global C Platform, this includes the 2013-current Ford Escape, Focus, C-max and Lincoln MKC. These systems will include the operation and troubleshooting of the 4-cylinder EcoBoost Engines both mechanical and fuel delivery/injection. Ford electrical and communication Buss systems. Ford had some interesting drivetrain options that caused a lot of consumer complaints, we will discuss the operation and the repair of these problem systems. We will Also Cover the ADAS systems used in later models including Adaptive Cruse Control, forward collision warning, lane departure systems and foot activated tailgate.
