

NASTRA

THE PROFESSIONALS CHOICE

Established in 1978

REMANUFACTURED PRECISION PARTS STARTERS • ALTERNATORS • CALIPERS

Since 1978, *Nastra Automotive Industries* has specialized in the remanufacturing of products for the automotive aftermarket. Through constant research and development, strict quality control, and rigorous testing, we have developed a comprehensive line of remanufactured products that have earned us a solid reputation for quality and reliability.

Nastra offers you the best single source of supply and service in the industry! Our certified technicians specialize in servicing all your rebuilding needs, import & domestic, including antique, heavy duty, industrial, marine & recreational.
