# PREMIUM™

## UNMATCHED PRODUCT QUALITY

Spectra Premium's ability to incorporate OE design and technology, executed with the speed and efficiency found within the aftermarket allows for unmatched product quality, breadth of product offering and after sales support.

- Engineered and developed in Canada
- Backed by several years of tier 1 OE and Aftermarket fuel delivery experience
- Product tested in the same fuel as used in operation
- Fuel pump and modules are tested for durability and long-life in E10, E85, and Diesel
